## Knowledge

### LO to subtract a 2-digit number from a 3-digit number.

- Subtract the ones
- Regroup ones
- Subtract the tens
- Regroup tens
- Subtract the hundreds
- Answer.

Watch the following.

<https://vimeo.com/465481885>

### Example

The first example shows the subtraction of 38 from 364. On the left, base ten blocks represent 364 (3 hundreds, 6 tens, 4 ones) and 38 (3 tens, 8 ones). On the right, a place value chart shows the subtraction: 

H	T	O
3	6	4
	3	8

The second example shows the subtraction of 38 from 364 with regrouping. On the left, base ten blocks represent 364 and 38. On the right, a place value chart shows the subtraction: 

H	T	O
3	5	14
	3	8

 Below the chart is a tree diagram showing 364 broken down into 300, 50, and 14.

## Task

1)

Subtract 27 from 253

	H	T	O
	2	5	3
-		2	7

2)

Work out  $426 - 82$

	H	T	O
	4	2	6
-		8	2

3)

	H	T	O
	2	6	5
-		3	8

4)  $212\text{cm} - 43\text{cm} =$

### Information about feeding garden birds throughout the winter months.

Attracting birds with tasty food, to our school grounds, gardens, high rise apartment and balcony is important throughout the winter months, as it can be a lifeline for birds. Feeders can be placed anywhere and they don't need to be purchased from a shop!

You don't have to use special bird food from the shops you can use what you may already have in your kitchen cupboards. They will enjoy mixed corn, seeds, unsalted nuts or peanut butter, porridge oats, sultanas, dried fruit and even table scraps like cheese or boiled potatoes. It is a good idea to put the food in hanging feeders and table feeders somewhere high enough to stop cats from preying on the birds. Birds also need access to fresh water for bathing and drinking, but try your best to not let it freeze as the colder weather sets in.

### Task

Design a leaflet to persuade Devonshire Junior Academy children to look after the birds this winter and not only attract them to their own homes, but also to the school grounds.

Persuade them to make bird feeders from recycled materials and to make their own bird food from table scraps and food they may already have in the cupboards.

Here are some pictures of homemade bird feeders.

Juice carton

Small plastic bottle

Plastic cup and lid

Kitchen or toilet roll

Milk bottle

Pop bottle

Plastic bowls

Old mug or teacups

Daily mindfulness.
