- Answer

Example

$387 - 23 =$

Hundreds	Tens	Ones

H	T	O
3	8	7
	2	3
-		
3	6	4

Task

1)  $427 - 15 =$

2)  $536 - 25 =$

3)

	H	T	O
	7	8	5
-		5	2

4)

	H	T	O
	9	8	5
-		7	2

5) A TV costs £86 less than this computer.

How much does the TV cost?

Computer costs £399

## Topic

### **Activity –To build a bug hotel in your garden**

Bug hotels are an essential addition to any garden, or outside spare. They will attract and house beneficial insects so that they are available to work in the garden as biological pest control. Also, you will have a place for you to compassionately relocate garden pests, like slugs and snails. There's no one way to build a bug hotel, just use what you have by recycling what you have in your **garden or household**. Here are some pictures I've collected with some great examples. Don't forget to upload your photos to class story! Be creative!

Website to build a bug home you may find useful.

<https://schoolgardening.rhs.org.uk/resources/activity/make-a-simple-bug-or-ladybird-home>

You could use –

- rolled up corrugated cardboard.
- Jam jars
- tin cans.
- old fencing.
- wooden pallet.
- toilet rolls and kitchen rolls stuck together.
- broken bricks, stones and pebbles.
- rolled up newspaper

Fill them up with, newspaper rolled up into cylinder's, dead leaves, twigs, dead wood, straw, pinecones.

Use what you have lying around your home or garden!
